RE: Verification of Signatures on Petitions

Dear Ms. Bowman:

Of the 19 petitions submitted to us containing signatures on the initiative Amending the Charter of the City of Elgin, there were 227 valid signatures.

According to the statute, an initiative petition must contain the signatures of not less than 15% of the electors of the city. There are 749 electors in the City of Elgin. This figure multiplied by 15% is 112. I find that there are sufficient valid signatures for this initiative to be submitted to the electors of the city to be voted upon.

Please refer to the guidelines in the Initiative, Referendum and Recall manual. If you need to visit with me, I would be most happy to answer any questions you may have.

Very truly yours,

R. NELLIE BOGUE
Union County Clerk
